We like school because with our friends we have fun,  
We like break because we get to sit in the sun,  
We like Library because we read new stories,  
We like Geography because we learn about corries,  
We like P.E. because we get to play,  
We like English because it's exciting every day,  
We Like School!

## What does Year 12 want to share with us?

By Madani and Dana S.

How do you feel about starting college?

“Nervous but also excited for a new chapter.”

What would you say, to your teachers and the people who worked with you throughout the year?

“Thank you so much for the patience you have endured with me and I hope that one day I can make you proud.”

What advice would you give to the younger grades?

“Once you get to year 11&12 study from day 1.”

What was your favorite subject?

“Anything Mrs Sahar taught.”

Good bye and Good luck to our Year 12s! Congratulations on finishing high school!

## Visiting the Year Six Class

By Madani, Aliyah, and Jumana (Year 7)

We went to the Year Six students at the British School. We introduced ourselves, explained what to do and passed out the questions. We interviewed the Year 6 to get their feelings about transitioning to Middle School.

To the question: ‘What’s your favourite subject?’ most students answered ‘Math.’

When asked about their dream job, most students answered ‘Engineer’ and some answered ‘Football player’ or ‘Lawyer’.

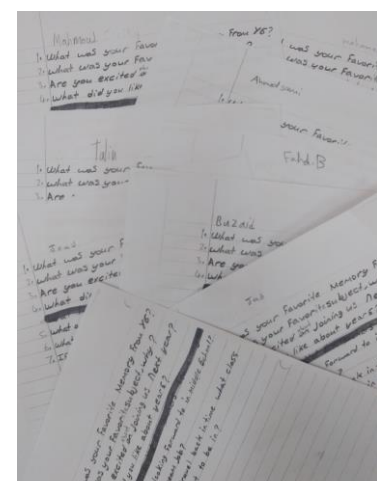

The funniest answer to the question: ‘What was your favourite memory in Year Six?’ was ‘nothing’! That was not my experience of Year Six! I have lots of good memories.

To the question about time travel, there were lots of different responses: such as people wanted to go back to Year 5 or Year 3 or Year 2.

Many students said: ‘I am very excited about next year!’ when asked about coming to the European School.

We are also very excited about the Year Six students joining us next year because when they were answering our questions, they looked pretty confident.

We want to thank the Year Six students for answering our questions, and also Mrs Valerie for her support. We wish them the very best luck.

Some responses from the Year 6s to our questionnaire.
